

The lighter workhorses

```
system
Extract Maya's drink order.

human
large oat milk latte for Maya
```

```
Order (real Agent.run_sync, FunctionModel)
{
  "drink": "latte",
  "size": "large",
  "extras": [
    "oat milk"
  ]
}
```

A real `pydantic_ai.Agent` ran; `result.output` is a real, validated `Order` instance.
