

Memory is yours, not the model's

```
human  
hi, I'm Maya -- I'll have a latte.
```

```
ai  
One latte for Maya, coming up -- $4.50.
```

the history store, session "maya"

```
store = {  
  "maya": [human, ai],  
}
```

```
# a shelf under the counter.  
# the model keeps NOTHING.
```

Turn 1 lands and is stored client-side, keyed by session. The model already forgot it.
